Description of activity

Permission is sought to move seals on when hauled out on Hobsonville, Bayswater and Pine Harbour Marina structures in areas where they pose a threat to people or where people cannot access their vessels without putting themselves in a position which contravenes the minimum safe distances outlined by DOC.

Seals are not moved on if there is no need to do so.

A seal would be moved (by a suitably trained staff member) by whatever means the Director General deems allowable.

D. Other

Is there any further information you wish to supply in support of your application?

This permit is being applied for due to the fact that one Leopard Seal has made Hobsonville Marina, Bayswater Marina and Pine Harbour Marina part of her life. If we do not have any methods to "disturb" her then a member of the public could do so which could result in injury (or worse) for the seal. I spent 14 years working for DOC, most of which as a Warranted Ranger. I feel I have the appropriate species management skills to be entrusted with a permit to move Leopard Seals off the marina structures.

E. Consultation Undertaken
