Thank you for your request to the Department of Conservation, received on 17 August 2023, in which you asked for:

I am wanting to request information relating to New Talisman Gold Ltd's activities in the Karangahake area. Specifically, I am wanting to know if they have, or have applied for, any Access Arrangements under the Crown Minerals Act, or any Authority's i.e. to enter and operate?

We have considered your request under the Official Information Act 1982 (OIA).

New Talisman Gold Mines Limited has applied to re-authorise the previous Access Arrangement held for the surface aspects and ancillary activities related to the underground mine, under mining permit 51326, at Karangahake. An associated application to Enter and Operate has been applied for work in the upcoming year. These are currently in process.

Please note this letter (with your personal details removed) may be published on the Department's website.
