

Land Snails from Wanganui Conservancy

Snail Species List

1. *Allodiscus kakano*
2. *Cavellia anguicula*
3. *Cavellia irregularis*
4. *Cavellia roseveari*
5. *Cavellioropa microrhina*
6. *Cavellioropa vortex*
7. *Charopa parva*
8. *Charopa pilsbryi*
9. *Charopidae* n. sp.
10. *Delos coresia*
11. *Fectola trilamellata*
12. *Flammocharopa accelerata*
13. *Flammulina feredayi*
14. *Georissa purchasi*
15. *Laoma nerissa*
16. *Laoma pirongiaensis*
17. *Obanella rimutaka*
18. *Otoconcha* n. sp.
19. *Paralaoma allocbroida*
20. *Paralaoma lateumbilicata*
21. *Paralaoma serratocostata*
22. *Pbenacobelix pilula*
23. *Pbrixgnathus ariel*
24. *Pbrixgnathus erigone*
25. *Pseudallodiscus ponderi*
26. *Punctidae* SPP2K n. sp. 19
27. *Punctidae* SPP2K n. sp. 50
28. *Punctidae* SPP2K n. sp. 56
29. *Punctidae* SPP2K n. sp. 69
30. *Serpbo kivi*
31. *Suteria ide*

These snail species were among those collected in pitfall-flight-intercept traps in Wanganui Conservancy in the summers of 2003/04 to 2005/06. They represent a small sample of the (probably) 2000 species occurring in New Zealand,

of which only about 500 have been named. It is thought that New Zealand may have 3-5 times the snail diversity of most other countries in the world, when calculated on a per unit area basis.

Names such as 'Punctidae SPP2K n. sp. 50' refer to the 'Species 2000 List' of currently unnamed species.

Scale bar = 1 mm.
