date required by \_\_\_\_\_

Planting site:

- Do you have a remnant on your property?
- Would you be open to us collecting seed from your site? -
- Are you happy to pick up smaller lots of plants as they become ready?
- Would you like this to be a reoccurring order?

We love to re-use our containers! If you could - please drop the pots back to the nursery. Leave them outside the doors or pop them over the back fence if we are closed.

Thank you!

All plants are propagated at our nursery. They are available as long as stocks last. They are subject to shortages caused by circumstances beyond our control. We will confirm their availability.

The plants for sale have been selected to be of merchantable quality and true to name and description, but any expressed or implied conditions, statement or warranty in this respect is hereby excluded. See the full conditions of sale on our website [here](#).

**Notes on this form**

You can use R for restoration grade and L for landscape grade.

Feel free to use botanical, common or Māori species names. If we are unsure what you mean, we will get in touch.

If you don't know which eco source is the best for your planting site, feel free to leave this space blank and we will assign a source of supply as close to your site as possible.

If you order bulk numbers of grasses, we will get in touch about producing these into plugs. These come in trays of 60 and are \$2.60 + GST per plug or \$156 + GST per tray.

You will receive a 5% discount if you order before August the year before you would like to collect plants. For example, if you order plants for 2025 before August 2024, you will receive a 5% discount.

**If you have any trouble filling out this form please get in touch by email**
